## Activities Since the last International Council Meeting or Future Events

Since the most recent ISASI IC meeting, my main activities have been in my role as Membership Chair and in liaising with the ISASI President and the Office Manager. The organizing documents of ISASI limit the defined scope of the VP holder as being to deputise for the President and to undertake such tasks as the President may request – this has mostly been in the membership Chair role.

## Council action recommendation:

The organizing documents of ISASI show clearly that the direction of ISASI should be by the International Council. The Covid emergency has shown the strength of virtual meetings and the recommendation of this VP would be that, with the new post-election Executive in post, that a regular pattern of fixed-length virtual meetings (say, monthly?) be established for the IC members with a limited and defined agenda for each meeting.
