

# Tutorial on Military Investigations

21 August 2017, San Diego, California, USA

In conjunction with ISASI Annual Seminar 22-24 August 2017

## Objectives of Tutorial

This tutorial aims to have another gathering of international Military Accident Investigators to share knowledge on their respective capabilities, experiences, processes and procedures with a view to the development of future relationships and common practices. It follows the inaugural meeting of the European Military Air Safety Investigators Forum which took place April 2013, the three Military Air Safety Investigation Tutorials held during ISASI 2013, ISASI 2015 and ISASI 2016, and the Military Aviation Safety Workshop April 2016 in Albuquerque (USA). ISASI's theme this year is "Investigations – Do they really make a difference?" These forums/tutorials draw a growing number of military investigators from across Europe, Australia, North America and Asia seeking to share their safety lessons.

The other goal of linking this tutorial to the 48th ISASI seminar is to benefit from the experience gained by the civil counterparts over the years. Participants to the tutorial are encouraged to register for the ISASI Seminar that will continue on 22, 23 and 24 August 2017 in San Diego, California, USA.

The main outputs of the presentations and discussions of this workshop will also be presented during the ISASI plenary session.

## Contributions to Tutorial

If you are interested in contributing to this tutorial, please send a short abstract to Stuart Oliver [DSA-DAIB-AIR-SO1@mod.uk](mailto:DSA-DAIB-AIR-SO1@mod.uk) and to Jim Roberts [james.w.roberts3@boeing.com](mailto:james.w.roberts3@boeing.com). The format of the presentations is flexible (no formal papers requested) in order to build an interactive programme on this specific topic.

## Important Dates

- |                   |   |
|-------------------|---|
| 28 April 2017     | Abstract on contribution due                                    |
| 12 May 2017       | Contributions selected for presentation announced               |
