

ISASI REACHOUT 41 REPORT CAIRNS AUSTRALIA 30 May to 2 June 2011

Reachout 41 was successfully hosted by ASASI in response to a growing need for safety related training in the remote areas of north Queensland.

Thirty seven participants attended the four day seminar which focussed on the key topic areas of:

- Emergency Management
- Human Factors
- Safety Management
- Safety Culture; and
- Change and Risk Management

ASASI received valuable support from ISASI corporate members including the Australian Transport Safety Bureau (ATSB) and the Civil Aviation Safety Authority (CASA). Excellent facilities and support were provided at Cairns Airport by Aviation Australia.

Individual volunteer speakers included Lindsay Naylor, Paul Mayes, Rick Sellers and John Guselli.

The feedback provided once again illustrated the continuing need for this type of training in some of the more remote areas of Australia.
