### *ANZSASI Seminar - Postponed to June 2021*

---

Ladies and Gentlemen

The COVID-19 situation in Australia has deteriorated into one that we can neither predict nor accommodate.

We are fortunate to be able to postpone the ANZSASI Seminar to a more optimistic timeframe without suffering a serious loss of our limited funds. Your Executive has elected to take this opportunity.

In doing so, we have consulted with our New Zealand Society colleagues and they support this position. Our seminar organising team also share this decision.

This conclusion was based on the fact that many local and international delegates may be legally prevented from travelling. In addition, others capable of travel may require a 14-day isolation period prior to, and on return to their home states. This situation is untenable.

The next ANZSASI Seminar is now scheduled to be held between **4<sup>th</sup> and 6<sup>th</sup> June 2021** at the Novotel Surfers Paradise, Gold Coast. Any members or associates that had submitted abstracts for the November seminar are requested to confirm their willingness, to again participate or otherwise please.

We regret having to take this step, but we do so in the interests of all ASASI members. Further details will be advised in our next ASASI Journal.

Until next time, stay safe.

John
