Activities Since the last International Council Meeting or Future Events)

1. Elections of Executive Committee

Elections were held in December 2021, for the posts of President, Vice President, Secretary and two Members for the Executive Committee. The New Executive Committee elected thereby is as follows:-

President	Syed Naseem Ahmed
Vice President	Major General Syed Muhammad Azam
Secretary	Air Cdre Nayyar Farooqui
Member	Captain Rizwan Ahmed
Member	Air Cdre Syed Qaswer Abbass Naqvi
Finance Secretary	Captain Mohsin Ausaf Continue to be the

2. Initial Work to set up a Student Chapter at PAF KIET Karachi

The number of student members in SASI Pakistan's were on constant increase since 2012 till 2017. It reached over one hundred, but then started declining and now it is less than five. And none has renewed the membership for year 2022. The main reason was sustainability as a member, as he or she would become member to benefit from a particular event, and then would not renew the membership fee.

In October 2021, a plan was envisaged to muster new members with the joint cooperation of students and management of educational institution for the payment of annual ISASI student Fee. The management of PAF KIET, a university in Karachi, which has more than 200 students in different aviation disciplines; has agreed to assist SASI Pakistan. Under a Memorandum of Understanding, every year, 10 Students will apply for ISASI Student membership by paying half amount and the Management will pay the remaining half. The program will be finalized in May 2022. It will need lot of Co-operation from Anthony Brickhouse.

3. Creation of SASI Pakistan North Chapter

Two meetings, first in August 2021 and second in March 2022, were held in Islamabad to establish a SASI Pakistan North Chapter. That will be more effective for assisting potential members to be part of ISASI and also create awareness regarding ISASI

4. **SASI Annual Seminar 2022**

The Executive Committee has decided to hold a SASI Pakistan Annual Seminar in December 2022 at Karachi Pakistan. It will be an international Seminar and we would need your support for getting speakers from all around the globe. The Aviation Safety Challenges being faced by Pakistan are well known to the aviation industry as well as to international aviation safety stakeholders. Our last Seminar was held in June 2019. It was attended by more than 400 delegates.

5. My Book "Disasters in the Skies" was success. 400 copies were sold out at good price. 50 Copies were distributed to Judges, CEOs of Military and Civil Aviation Organizations.as complimentary for the improvement of aviation safety in Pakistan. However I have purposely kept 50 copies for ISASI IC Members and for delegates at Brisbane. How that should be done? Need advice.
